Science-Driven Natural Solutions — Empowering Global Health at Every Level.

ABOUT LATHELL NUTRACEUTICALS LLC

Lathell Nutraceuticals LLC is a U.S.-based nutraceutical innovation company dedicated to advancing global health through science-driven, evidence-based natural solutions. Founded with a mission to bridge the gap between clinical efficacy and natural wellness, we specialize in the research, development, and manufacturing of advanced dietary supplements, functional nutrition products, and next-generation metabolic alternatives for sugar and salt.

Our portfolio includes over 25 proprietary formulations targeting a broad spectrum of health needs — from metabolic balance, cognitive performance, and immune resilience to joint health, hormonal balance, cellular longevity, and organ system support. Each product is developed using clinically substantiated ingredients, synergistic formulations, and absorption-enhancing technologies to maximize real-world efficacy and safety.

All products are manufactured in FDA-registered, cGMP-certified facilities in the United States under strict quality control standards. Each batch is tested for purity, potency, and safety, with full documentation and Certificates of Analysis (CoA) provided for regulatory and trade compliance. Our commitment to quality extends beyond product manufacturing — we offer comprehensive OEM and private label services, regulatory documentation support, and turnkey solutions for global distributors and brand partners.

With a growing international presence and a focus on science-backed innovation, Lathell Nutraceuticals is uniquely positioned to supply healthcare companies, retailers, government programs, and private brands with premium nutraceutical solutions tailored for modern health challenges.

◆ METABOLIC HEALTH

DIABRIYA™

Natural Diabetes & Appetite Control

- Supports healthy blood sugar and HbA1c
- Promotes appetite control and insulin sensitivity
- Protects liver, kidney, and vascular health
- 60 Veg Capsules

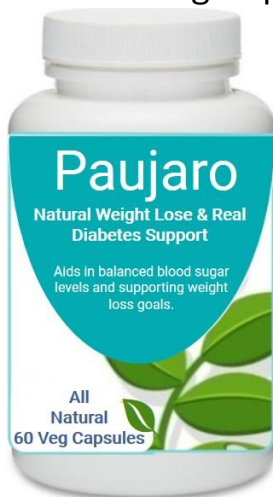

Diabriya™ is a comprehensive metabolic support formula designed to help maintain healthy blood sugar levels and support balanced insulin function. Its synergistic blend of botanicals and bioactive compounds promotes efficient glucose metabolism, encourages optimal HbA1c levels, and aids in appetite regulation for improved metabolic balance. The formula also contains targeted antioxidants to help protect liver, kidney, and vascular function from oxidative stress, contributing to overall metabolic resilience.

Recommended Applications: Suitable for individuals seeking support for healthy blood sugar regulation, balanced energy levels, appetite control, and long-term metabolic wellness.

Paujaro™

Weight Loss & Diabetes Support

- Aids in balanced blood sugar levels
- Supports weight management and metabolic balance
- 60 Veg Capsules

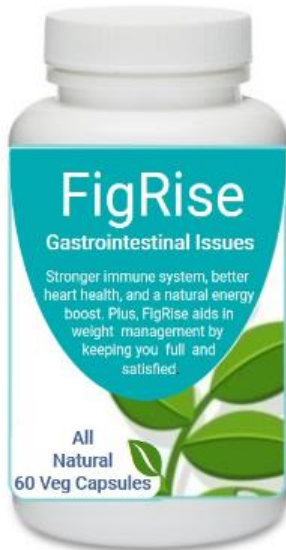

Paujaro™ is a dual-action metabolic support supplement formulated to help maintain blood glucose balance while promoting healthy weight management. Its carefully selected botanical extracts and metabolic cofactors support insulin sensitivity, nutrient utilization, and lipid metabolism, creating a synergistic effect that encourages fat burning and metabolic efficiency. Paujaro™ also assists with appetite moderation and sustained energy, making it an excellent daily support for overall metabolic health.

Recommended Applications: Ideal for individuals focused on maintaining healthy blood sugar, optimizing body composition, and supporting balanced metabolism as part of a healthy lifestyle.

FigRise™

Gastrointestinal & Metabolic Support

- Strengthens immune system and heart health
- Boosts energy and satiety
- 60 Veg Capsules

FigRise™ is a multifunctional gastrointestinal and metabolic support supplement designed to promote digestive efficiency and overall metabolic balance. Its unique combination of phytonutrients and fiber-supportive components helps enhance nutrient absorption, support healthy cholesterol levels, and maintain cardiovascular and immune health. FigRise™ also encourages natural satiety, contributing to balanced energy and weight management.

Recommended Applications: Recommended for individuals seeking support for digestive wellness, nutrient absorption, immune resilience, and healthy metabolic function.

Sparitine™

Metabolic Support & Fat Burning

- Boosts metabolism and fat oxidation
- Reduces appetite and stabilizes blood sugar
- 60 Veg Capsules

Sparitine™ is an advanced metabolic support complex formulated to enhance energy expenditure and support healthy fat metabolism. Through a targeted blend of thermogenic botanicals, metabolic regulators, and appetite-balancing nutrients, Sparitine™ helps promote efficient fat oxidation and stabilize blood glucose levels. The formula is designed to complement healthy diet and exercise habits for improved metabolic performance.

Recommended Applications: Suitable for individuals aiming to support metabolic rate, energy balance, appetite control, and healthy weight management.

COGNITIVE & MOOD SUPPORT

BLUENATRA™

Cognitive Performance & Antioxidant Support

- Boosts focus, memory, and recall
- Protects the brain from oxidative stress
- 100 Capsules

Bluenatra™ is a precision-formulated cognitive performance supplement designed to support focus, memory, and mental clarity. Its advanced blend of nootropic botanicals, antioxidants, and neuroprotective nutrients helps defend brain cells against oxidative stress while optimizing neurotransmitter activity.

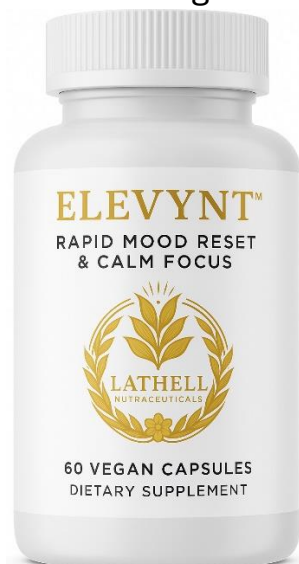

Bluenatra™ also supports cerebral blood flow and synaptic function, contributing to sharper recall, sustained concentration, and long-term cognitive resilience.

Recommended Applications: Suitable for individuals seeking support for memory performance, cognitive endurance, mental sharpness, and overall brain health.

ELEVYNT™

Rapid Mood Reset & Mental Clarity

- Enhances emotional balance and focus
- Reduces stress for calm cognition
- 60 Vegan Capsules

Elevynt™ is a rapid-acting mood support and clarity formula that promotes emotional balance, stress resilience, and cognitive focus. Its synergistic combination of adaptogens, mood-modulating compounds, and neural cofactors helps the body manage stress responses while supporting neurotransmitter equilibrium. Elevynt™ is designed to foster calm cognition, improve mental processing, and maintain emotional stability during demanding conditions.

Recommended Applications: Ideal for individuals experiencing occasional stress or mood fluctuations who wish to support emotional balance, mental clarity, and daily cognitive performance.

NSV™

Natural Relaxer – Mood & Sleep Support

- Relieves anxiety and insomnia
- Promotes deep relaxation and calmness
- 60 Veg Capsules

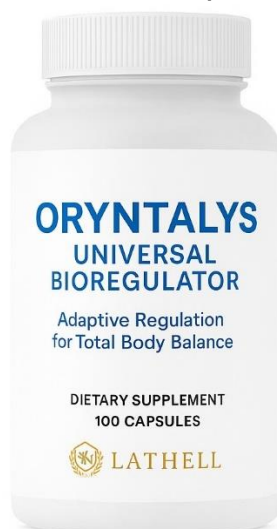

NSV™ is a natural relaxant and sleep-support formula created to promote deep relaxation, calmness, and restorative sleep cycles. Its targeted combination of botanical extracts, calming neurotransmitter precursors, and circadian rhythm-supporting nutrients helps ease occasional anxiety, facilitate restful sleep, and support healthy mood balance. NSV™ can be used as part of a daily routine to encourage mental peace and optimal recovery.

Recommended Applications: Recommended for individuals seeking natural support for relaxation, sleep quality, stress resilience, and balanced mood regulation.

ORYNTALYS™

Universal Bioregulator

- Improves cognitive clarity and vascular function
- Enhances immune resilience and sleep quality
- 100 Capsules

Oryntalys™ is a universal bioregulatory formula developed to support cognitive clarity, vascular function, and overall systemic balance. Its multifaceted blend of adaptogenic herbs, neuroprotective antioxidants, and immune-supportive nutrients enhances cerebral circulation, promotes restorative sleep, and strengthens immune defenses. Oryntalys™ is designed for individuals who require comprehensive support for brain-body synergy and long-term vitality.

Recommended Applications: Suitable for those seeking support for cognitive function, vascular health, immune resilience, and restorative sleep quality.

Joint & Knee Support

- Promotes cartilage health and joint flexibility
- Helps reduce occasional inflammation and support recovery
- Supports mobility and comfort during aging or physical strain
- 60 Veg Capsules

Luralth™ is a comprehensive joint and knee support formula designed to promote cartilage integrity, reduce occasional inflammation, and restore mobility. Its synergistic blend of collagen-supportive cofactors, anti-inflammatory botanicals, and joint-protective nutrients helps maintain synovial fluid balance, improve flexibility, and support recovery after physical strain or age-related wear.

Recommended Applications: Suitable for individuals seeking support for joint comfort, flexibility, mobility, and long-term

Chondroitin™

Joint Mobility & Comfort

- Relieves discomfort and improves flexibility
- Promotes cartilage resilience
- 60 Veg Capsules

Chondroitin™

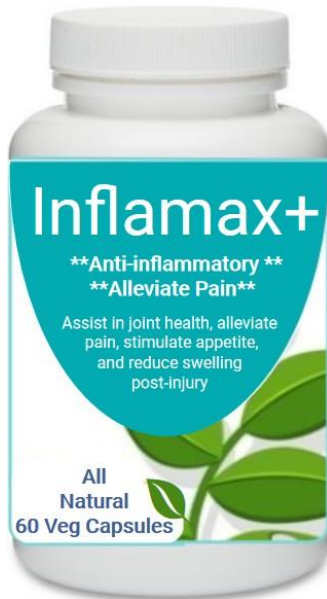

Chondroitin™ is formulated to support joint resilience and mobility by promoting cartilage strength and lubrication. Its targeted matrix of joint-supportive nutrients helps maintain connective tissue elasticity, reduce stiffness, and enhance functional range of motion, making it ideal for active adults and aging populations.

Recommended Applications: Recommended for individuals aiming to support joint mobility, cartilage health, and daily comfort.

Inflamax+™

Anti-Inflammatory Pain Relief

- Alleviates pain and reduces swelling
- Stimulates appetite during recovery
- 60 Veg Capsules

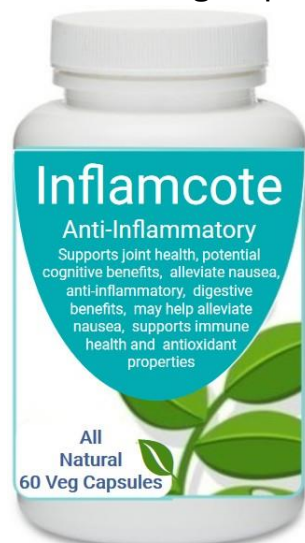

Inflamax+™ is a targeted inflammation-support formula designed to help reduce occasional swelling, soothe discomfort, and support appetite during recovery. Its carefully selected phytonutrients work synergistically to modulate the body's natural inflammatory response while aiding tissue repair and comfort.

Recommended Applications: Suitable for those seeking support for healthy inflammatory balance, post-exercise recovery, and overall physical comfort.

Inflamcote™

Comprehensive Inflammation Support

- Joint, cognitive, digestive, and immune benefits
- Whole-body anti-inflammatory action
- 60 Veg Capsules

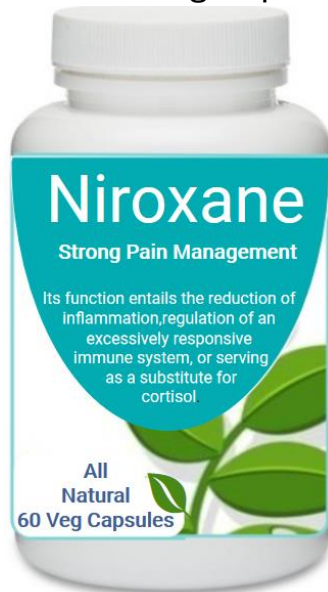

Inflamcote™ is a comprehensive, whole-body inflammation support supplement that addresses joint, cognitive, digestive, and immune function simultaneously. Its broad-spectrum blend of anti-inflammatory botanicals and systemic modulators helps maintain balanced cytokine activity and supports multi-system resilience.

Recommended Applications: Ideal for individuals seeking full-body inflammation support, immune balance, and enhanced recovery capacity.

Niroxane™

Advanced Pain Management

- Regulates inflammation and immune response
- Cortisol-supportive adaptogenic formula
- 60 Veg Capsules

Niroxane™ is an advanced adaptogenic inflammation support complex formulated to regulate the body's natural inflammatory response while promoting stress hormone balance. Its unique combination of bioactive compounds supports immune modulation, oxidative balance, and overall inflammatory control.

Recommended Applications: Recommended for those seeking support for healthy inflammatory response, immune balance, and cortisol regulation.

Sajava™

Natural Muscle Relaxer

- Relieves muscle discomfort and spasms
- Promotes deep soothing and relaxation
- 60 Veg Capsules

Sajava™ is a natural muscle relaxation support formula that helps ease occasional spasms, tension, and discomfort. Its blend of soothing botanicals and neuromuscular cofactors promotes deep relaxation and supports musculoskeletal comfort during physical strain or stress.

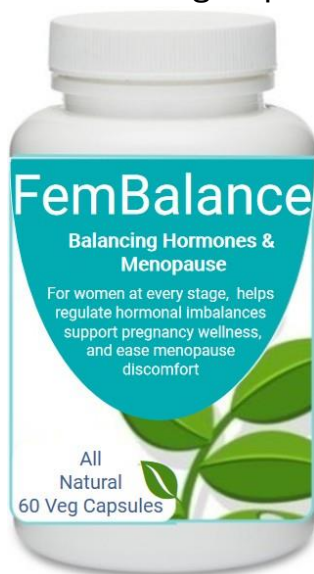

Recommended Applications: Suitable for individuals seeking natural support for muscle relaxation, tension relief, and physical recovery.

🧡 WOMEN'S WELLNESS

FemBalance™

Hormone & Menopause Support

- Regulates hormonal imbalances
- Eases menopause and supports fertility wellness
- 60 Veg Capsules

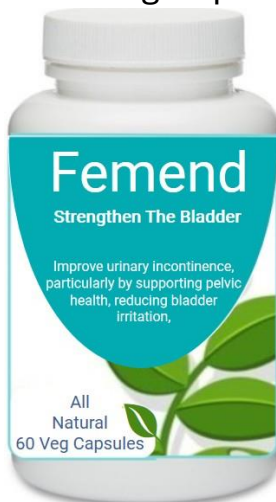

FemBalance™ is a clinically developed women's wellness formula designed to promote hormonal equilibrium, ease menopausal transitions, and support reproductive health. Its synergistic blend of adaptogens, phytoestrogens, and micronutrients helps balance endocrine activity and maintain overall vitality.

Recommended Applications: Ideal for women seeking support for hormonal balance, fertility wellness, and healthy menopausal adaptation.

Femend™

Bladder & Pelvic Health

- Improve urinary control
- Reduces bladder irritation and discomfort
- 60 Veg Capsules

Femend™ is a targeted bladder and pelvic health formula that supports urinary control and reduces occasional irritation. Its botanical and mineral components work to strengthen pelvic muscles, promote urinary comfort, and maintain normal bladder function.

Recommended Applications: Recommended for women seeking support for urinary tract comfort, bladder strength, and pelvic floor health.

Fibrogone™

Fibromyalgia & Sleep Support

- Alleviates pain linked to hormonal imbalance
- Enhances restorative sleep quality
- 60 Veg Capsules

Fibrogone™ is formulated to support muscular comfort, restful sleep, and hormonal balance. Its adaptogenic and neuro supportive ingredients work synergistically to help ease discomfort linked to hormonal changes while improving restorative sleep quality.

Recommended Applications: Suitable for women seeking support for healthy muscle function, restful sleep, and overall endocrine balance.

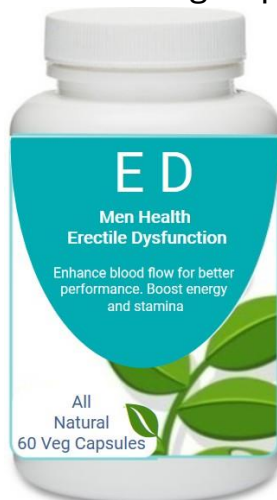

MEN'S HEALTH

E D™

Erectile Dysfunction Support

- Enhances blood flow and performance
- Boosts stamina and vitality
- 60 Veg Capsules

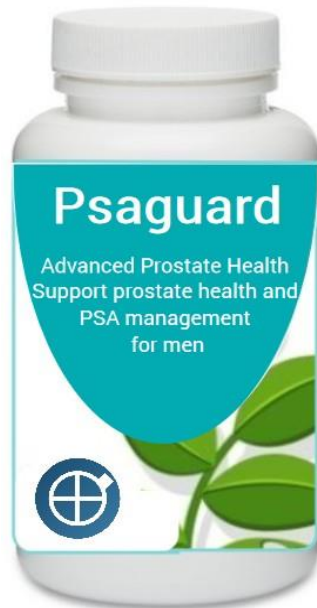

E D™ is a male vitality formula designed to support healthy circulation, performance, and stamina. Its targeted combination of vascular-supportive botanicals and energy-enhancing nutrients promotes blood flow and helps maintain optimal physical performance.

Recommended Applications: Ideal for men seeking support for healthy circulation, endurance, and vitality.

Psaguard™

Prostate Health & PSA Regulation

- Supports healthy prostate function
- Helps regulate PSA levels
- 60 Veg Capsules

Psaguard™ is a prostate health support supplement formulated to help maintain healthy prostate function and balance. Its blend of phytosterols, zinc, and botanical extracts supports urinary comfort and helps sustain healthy prostate size and function over time.

Recommended Applications: Suitable for men seeking support for prostate wellness, urinary flow, and long-term male reproductive health.

★ SKIN & TONE SUPPORT

CLAREVYNT™

Skin Brightening & Tone

- Brightens skin and reduces hyperpigmentation
- Promotes even skin tone naturally 60 Capsules

Clarevynt™ is a premium skin-brightening supplement that supports balanced melanin activity and promotes an even skin tone. Its antioxidant-rich botanical complex helps reduce the appearance of uneven pigmentation and enhances natural radiance from within.

Recommended Applications: Recommended for individuals seeking support for luminous skin, even tone, and overall skin vitality.

BRYNTANZA™

Natural Tanning & Protection

- Accelerates healthy tanning
- Protects against UV-induced damage
- 60 Capsules

Bryntanza™ is a natural tanning-support formula that promotes a healthy glow while helping defend skin against oxidative stress. Its nutrient profile supports melanin production and skin resilience during sun exposure.

Recommended Applications: Ideal for individuals seeking support for healthy tanning, skin defense, and a radiant appearance.

DIGESTIVE & SPECIALTY FORMULAS

ALLCHIN™

Upset Stomach Relief

- Calms digestive discomfort fast
- Soothes the GI tract naturally
- 60 Veg Capsules

Allchin™ is a fast-acting digestive comfort formula designed to soothe the gastrointestinal tract and ease occasional discomfort. Its blend of botanicals and soothing agents helps maintain normal digestive motility and calm sensitive stomachs.

Recommended Applications: Suitable for individuals seeking natural support for digestive balance and occasional GI upset.

Incontistool™

Pelvic Support & Bowel Control

- Improves bowel control and muscle strength
- Supports continence and pelvic health
- 60 Veg Capsules

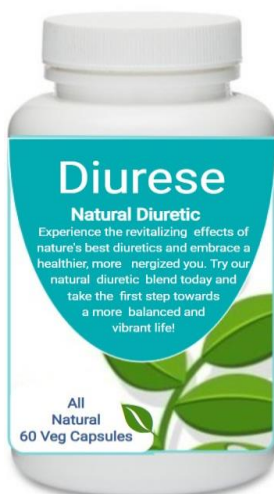

Incontistool™ supports pelvic muscle tone and bowel control through a targeted blend of nutrients and herbal extracts. It helps strengthen pelvic support structures and maintain regular bowel movements.

Recommended Applications: Recommended for individuals seeking support for bowel control, continence, and pelvic health.

Diurese™

Natural Diuretic & Energy Revitalizer

- Eliminates excess fluid
- Supports kidney and metabolic function
- 60 Veg Capsules

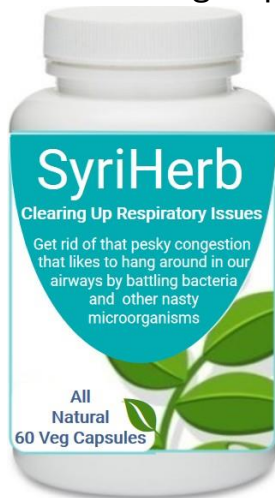

Diurese™ is a natural diuretic and revitalizing formula that promotes fluid balance and kidney support. Its botanical blend helps the body eliminate excess water while supporting metabolic function and sustained energy.

Recommended Applications: Suitable for those seeking support for fluid balance, kidney health, and natural detoxification.

SyriHerb™

Respiratory Cleanse & Microbial Defense

- Clears congestion
- Fights bacteria and microorganisms
- 60 Veg Capsules

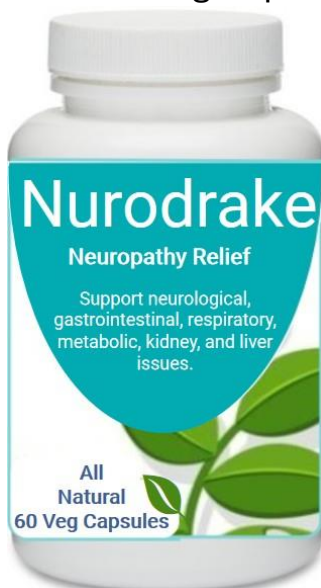

SyriHerb™ is a respiratory cleanse and microbial defense supplement formulated to support airway comfort and microbial balance. Its blend of immune-active botanicals helps clear congestion and maintain respiratory wellness.

Recommended Applications: Ideal for individuals seeking support for respiratory health, microbial defense, and immune resilience.

Nurodrake™

Neuropathy & Systemic Support

- Supports neurological, GI, metabolic, kidney, and liver health
- Helps maintain systemic balance
- 60 Veg Capsules

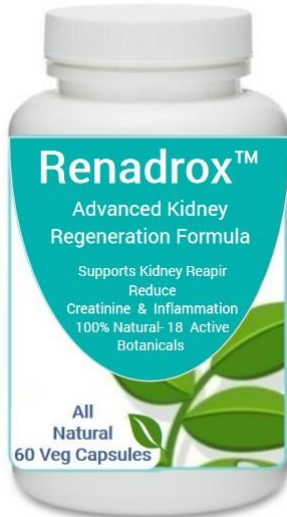

Nurodrake™ is a systemic support formula that helps maintain neurological, gastrointestinal, metabolic, kidney, and liver health. Its multi-organ support matrix promotes balanced physiological function and cellular vitality.

Recommended Applications: Recommended for those seeking broad-spectrum organ support, metabolic balance, and systemic wellness.

Renadrox™

Advanced Kidney Regeneration

- Repairs kidney function and reduces creatinine
- Minimizes inflammation and oxidative stress
- 60 Veg Capsules

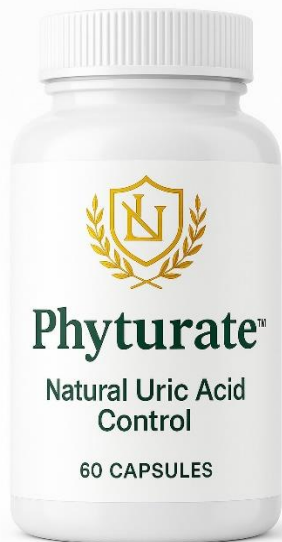

Renadrox™ is an advanced kidney function support formula designed to promote renal efficiency, support healthy creatinine levels, and reduce oxidative stress. Its targeted botanical blend helps maintain optimal kidney performance and resilience.

Recommended Applications: Suitable for individuals seeking support for kidney health, detoxification, and oxidative balance.

Phyturate™

Uric Acid Control & Gout Support

Balances uric acid levels Supports purine elimination
60 Capsules

Phyturate™ supports healthy uric acid metabolism and promotes purine balance. Its targeted botanical profile aids natural elimination pathways and helps maintain joint comfort associated with uric acid buildup.

Recommended Applications: Recommended for those seeking support for healthy uric acid levels and metabolic balance.

GOUTHELL™

Extreme Gout Relief

- Reduces uric acid
- Prevents flare-ups and joint damage
- 60 Veg Capsules

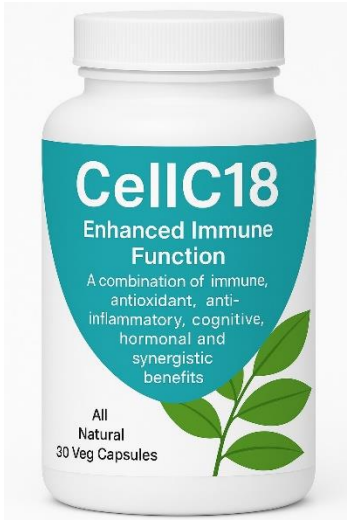

Gouthell™ is a comprehensive uric acid support formula designed to help maintain normal levels and support joint comfort. Its botanical matrix works synergistically to promote purine metabolism and protect joint structures.

Recommended Applications: Suitable for individuals seeking support for uric acid balance and joint wellness.

CellC18™

Immune & Antioxidant Synergy

- Enhances immunity and hormonal balance
- Offers powerful anti-inflammatory support
- 30 Veg Capsules

Chronovital™ is an age-specific longevity formula tailored to support vitality across decades. Its targeted nutrient profile promotes cellular health, energy metabolism, and lifespan optimization for mature adults.

Recommended Applications: Suitable for individuals seeking age-appropriate support for vitality, longevity, and metabolic balance.

CHRONOVITAL™

Age-Specific Longevity Formula

- Tailored for 40+, 50+, 60+, and 70+
- Supports vitality and lifespan extension
- 120 Capsules

Chronovital™ is an age-specific longevity formula tailored to support vitality across decades. Its targeted nutrient profile promotes cellular health, energy metabolism, and lifespan optimization for mature adults.

Recommended Applications: Suitable for individuals seeking age-appropriate support for vitality, longevity, and metabolic balance.

REVITASOME™

Daily Cellular Renewal

- Breaks aging cycles and supports cell regeneration
- Promotes long-term cellular vitality
- 60 Capsules

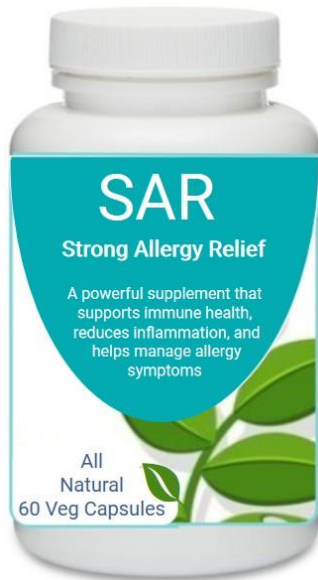

Revitasome™ supports daily cellular renewal by promoting healthy mitochondrial function and cellular regeneration. Its blend of antioxidants and cofactors helps combat oxidative stress and maintain youthful cellular activity.

Recommended Applications: Recommended for individuals seeking support for cellular health, energy production, and longevity.

SAR™

Strong Allergy Relief

- Reduces inflammation and histamine response
- Supports balanced immune function
- 60 Veg Capsules

SAR™ is a natural allergy support formula that helps modulate histamine response and support immune balance. Its combination of anti-inflammatory botanicals and immune cofactors promotes seasonal comfort and balanced immune activity.

Recommended Applications: Suitable for individuals seeking support for histamine regulation, immune balance, and respiratory comfort.

FDA DISCLAIMER

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

 LIFESTYLE ESSENTIALS
SAFE SALT™ – Sodium-Free
Natural Salt Alternative

- 0 mg sodium
- Tastes like salt while supporting kidney and heart health
- Available in bottle, pouch, and supplement formats

Safe Salt™ is a natural sodium-free salt alternative designed to deliver full salt flavor while supporting kidney and cardiovascular health. Its mineral-balanced formulation makes it a valuable option for sodium-restricted diets.

Recommended Applications: Ideal for individuals seeking to reduce sodium intake while maintaining taste and electrolyte balance.

SAFE SALT™ – 50% Less Sodium

Reduced-Sodium Option

- 50% less sodium with great taste
- Available in 50 lb and 100 lb formats

Safe Salt™ – 50% Less Sodium provides all the flavor of traditional salt with half the sodium content, making it an excellent choice for heart- and kidney-conscious consumers. It integrates seamlessly into both household and industrial food applications.

Recommended Applications: Suitable for individuals and manufacturers seeking reduced-sodium solutions without compromising taste.

SAFE SUGAR™

Sodium-Free Sweetener Alternative

- Low sodium, kidney-friendly
- Ideal for diabetic and gout-sensitive populations
- Available in 50 lb / 100 lb bags and barrels

Safe Sugar™ is a low-glycemic, kidney-friendly sweetener alternative designed for sugar-sensitive populations. Its natural composition offers the sweetness of sugar with minimal metabolic impact, supporting healthy blood glucose and gut function.

Recommended Applications: Recommended for individuals seeking a natural sweetener solution suitable for diabetic, metabolic, or gout-sensitive needs.

VISION STATEMENT

Our vision is to redefine the future of global health by delivering innovative, science-backed nutraceutical solutions that empower people everywhere to live longer, stronger, and healthier lives. Through relentless research, ethical innovation, and global collaboration, Lathell Nutraceuticals aims to become the world's most trusted partner in advancing human wellness — from prevention to longevity.

GLOBAL HEALTH MISSION STATEMENT

At Lathell Nutraceuticals, our mission is to advance global wellness by delivering science-driven, natural health solutions that address the evolving challenges of modern life. We believe that true health extends beyond symptom relief — it requires comprehensive support for the body's systems, from cellular vitality and metabolic balance to nutritional innovation and preventive care. Through our portfolio of clinically informed supplements and functional nutrition products, we aim to empower healthcare providers, distributors, and governments with safe, effective, and scalable solutions that improve quality of life worldwide. Every formulation we create reflects our commitment to evidence-based innovation, regulatory excellence, and a future where better health is accessible to all.

MOQ & LOGISTICS INFORMATION

Safe Sugar™ – Bulk Orders

Each 20' standard shipping container can accommodate approximately **24–26 metric tons** of Safe Sugar™ when packaged in 50 kg bags and floor-loaded for maximum capacity. This quantity represents the **standard minimum order quantity (MOQ)** for international bulk shipments, ensuring cost-effective freight utilization and supply chain efficiency. Alternative packaging options, such as palletized shipments or 1-ton FIBC bulk bags, are available upon request and may slightly adjust container load capacity.

Bottled Dietary Supplements – Finished Product Orders

For international trade, the standard MOQ for bottled dietary supplements is **10,000 to 25,000 bottles per SKU**, depending on formulation, packaging format, and private label requirements. This MOQ supports optimal production scheduling, regulatory compliance, and container load efficiency. Smaller pilot runs or custom-label orders can be arranged upon request, subject to adjusted pricing and lead times.

Shipping & Logistics

All bulk and finished product orders are palletized and export-ready, with full documentation support for customs clearance and regulatory compliance. Products can be shipped via sea freight (FCL or LCL) or air freight as required. Estimated lead time for international shipments ranges from **6–12 weeks**, depending on order size, production scheduling, and destination.

PAYMENT TERMS & TRADE CONDITIONS

Payment Structure

To initiate production, a **50% deposit** of the total invoice value is required upon order confirmation. The **remaining 50% balance** is due prior to shipment release and issuance of final export documents (Bill of Lading, Certificate of Analysis, Packing List, Commercial Invoice, etc.). For recurring high-volume contracts or exclusive distribution agreements, customized payment schedules may be negotiated on a case-by-case basis.

Accepted Payment Methods

Payments can be made via international wire transfer (SWIFT), bank-to-bank transfer, or accredited letter of credit (LC) from a recognized financial institution. All banking details will be provided upon issuance of the pro forma invoice.

Lead Times & Production Scheduling

Typical lead times for international orders range from **6–12 weeks**, depending on product type, packaging requirements, labeling customization, and order volume. Production scheduling is confirmed immediately upon receipt of deposit and finalized specifications.

Shipping Terms (Incoterms)

Standard shipping is offered under **FOB (Free On Board)** or **CIF (Cost, Insurance & Freight)** terms from the port of origin. EXW, DAP, or DDP terms may be arranged upon request depending on buyer logistics requirements and territory regulations.

Documentation & Compliance

All shipments include full export documentation, Certificate of Analysis (CoA), batch-specific quality control certificates, and regulatory support documents where applicable. Additional documentation (such as Free Sale Certificates, GMP certificates, or product registrations) can be provided upon request.

PRIVATE LABEL & OEM SERVICES

Custom Formulation & Product Development

Lathell Nutraceuticals offers comprehensive private label and OEM manufacturing services, enabling partners to launch fully customized nutraceutical products under their own brand. Our R&D and formulation team can develop new products from concept to market — including ingredient sourcing, formulation optimization, dosage form selection, and stability validation — tailored to specific market needs or health categories.

Packaging & Branding Solutions

We provide a full range of packaging and design options to support brand differentiation, including custom bottle sizes, blister packs, stand-up pouches, sachets, bulk bags, and bulk powder packaging. Our in-house design team can assist with label creation, regulatory text, multilingual packaging, and brand identity development to ensure your product is retail-ready.

Flexible Manufacturing Volumes

Our production capabilities support both pilot-scale and large-scale manufacturing. Initial private label runs typically start from **5,000–10,000 bottles per SKU**, with scalable options exceeding **100,000+ units** for established brands or regional distributors. Bulk raw materials and bulk capsules can also be supplied for in-house packaging if preferred.

Regulatory Support & Documentation

All OEM and private label products are manufactured in FDA-registered, cGMP-certified facilities, with full documentation available, including Certificates of Analysis (CoA), batch records, stability data, and GMP compliance certificates. We also support partners with product registration, import dossiers, and labeling compliance documentation for targeted global markets.

Global Distribution Readiness

With export-ready manufacturing, multilingual labeling capabilities, and logistics support, Lathell Nutraceuticals partners can quickly introduce their private-label products into international markets. Our team also assists with customs documentation, free sale certificates, and tailored support for ministry or regulatory submissions where required.
