

# TECHNICAL EXPERTISE

Direct access to formulation and scientific support

## Purpose

Partners gain access to Lathell's internal formulation and scientific advisory resources.

## What This Includes

- Product composition guidance
- Deployment protocols
- Manufacturing coordination
- Scientific interpretation

## Strategic Value

This ensures:

- Proper product use
- Correct public messaging
- Institutional confidence
- Safe national rollout

## Partner Responsibilities

- Use only approved claims
- Maintain communication
- Follow deployment guidance
- Protect proprietary data

## Instruction for Officials

This section is intended for:

- ✓ Public health authorities
- ✓ Food science divisions
- ✓ Institutional nutrition programs
- ✓ Technical agencies
